Hi Gloria, Marlene,

Carlos and I just had a conversation with Jean Mescher/McKesson. Discussion involved the upcoming site visit and dioxin re-evaluation timeframe, to-be-corrected deed restrictions, ready for reuse indicators, and Curt Grisham interactions and associated costs.

Jean informed that a formal meeting request with regulators will be forthcoming detailing areas where McKesson needs clarification. Carlos considered and agreed that these points are valid and directed that the upcoming site visit be postponed until further notice.

Thanks,
